THAK, THE CHRISTIAN HEALTH  
ORGANIZATION IN KENYA.

## Our Journey Through Time

1

### Foundation Era

Establishment of CHAK as the umbrella organization for Christian health facilities in Kenya.

2

### Growth Phase

Expansion of member facilities and development of key healthcare programs across the country.

3

### Modern Era

Integration of technology, specialized programs, and sustainable business models for enhanced healthcare delivery.

# HIV/AIDS & NCDs Integration

Comprehensive approach to managing HIV/AIDS alongside Non-Communicable Diseases for holistic patient care.

# PEPFAR Funding Impact

## HIV/AIDS Program

Substantial PEPFAR funding supports comprehensive HIV/AIDS prevention, treatment, and care services across CHAK member facilities.

## Community Impact

Reaching vulnerable populations with life-saving interventions and building sustainable healthcare systems.

## The Beacon of Hope

# HIV/AIDS Program Achievements

## Testing & Counseling

Comprehensive HIV testing and counseling services reaching thousands of individuals annually.

## Treatment Programs

Antiretroviral therapy and adherence support ensuring optimal patient outcomes.

## Prevention Initiatives

Community-based prevention programs targeting high-risk populations and vulnerable groups.

# HIV Program Data & Results

**95%**

## Treatment Success

Patients achieving viral suppression through consistent care and treatment adherence.

**50K+**

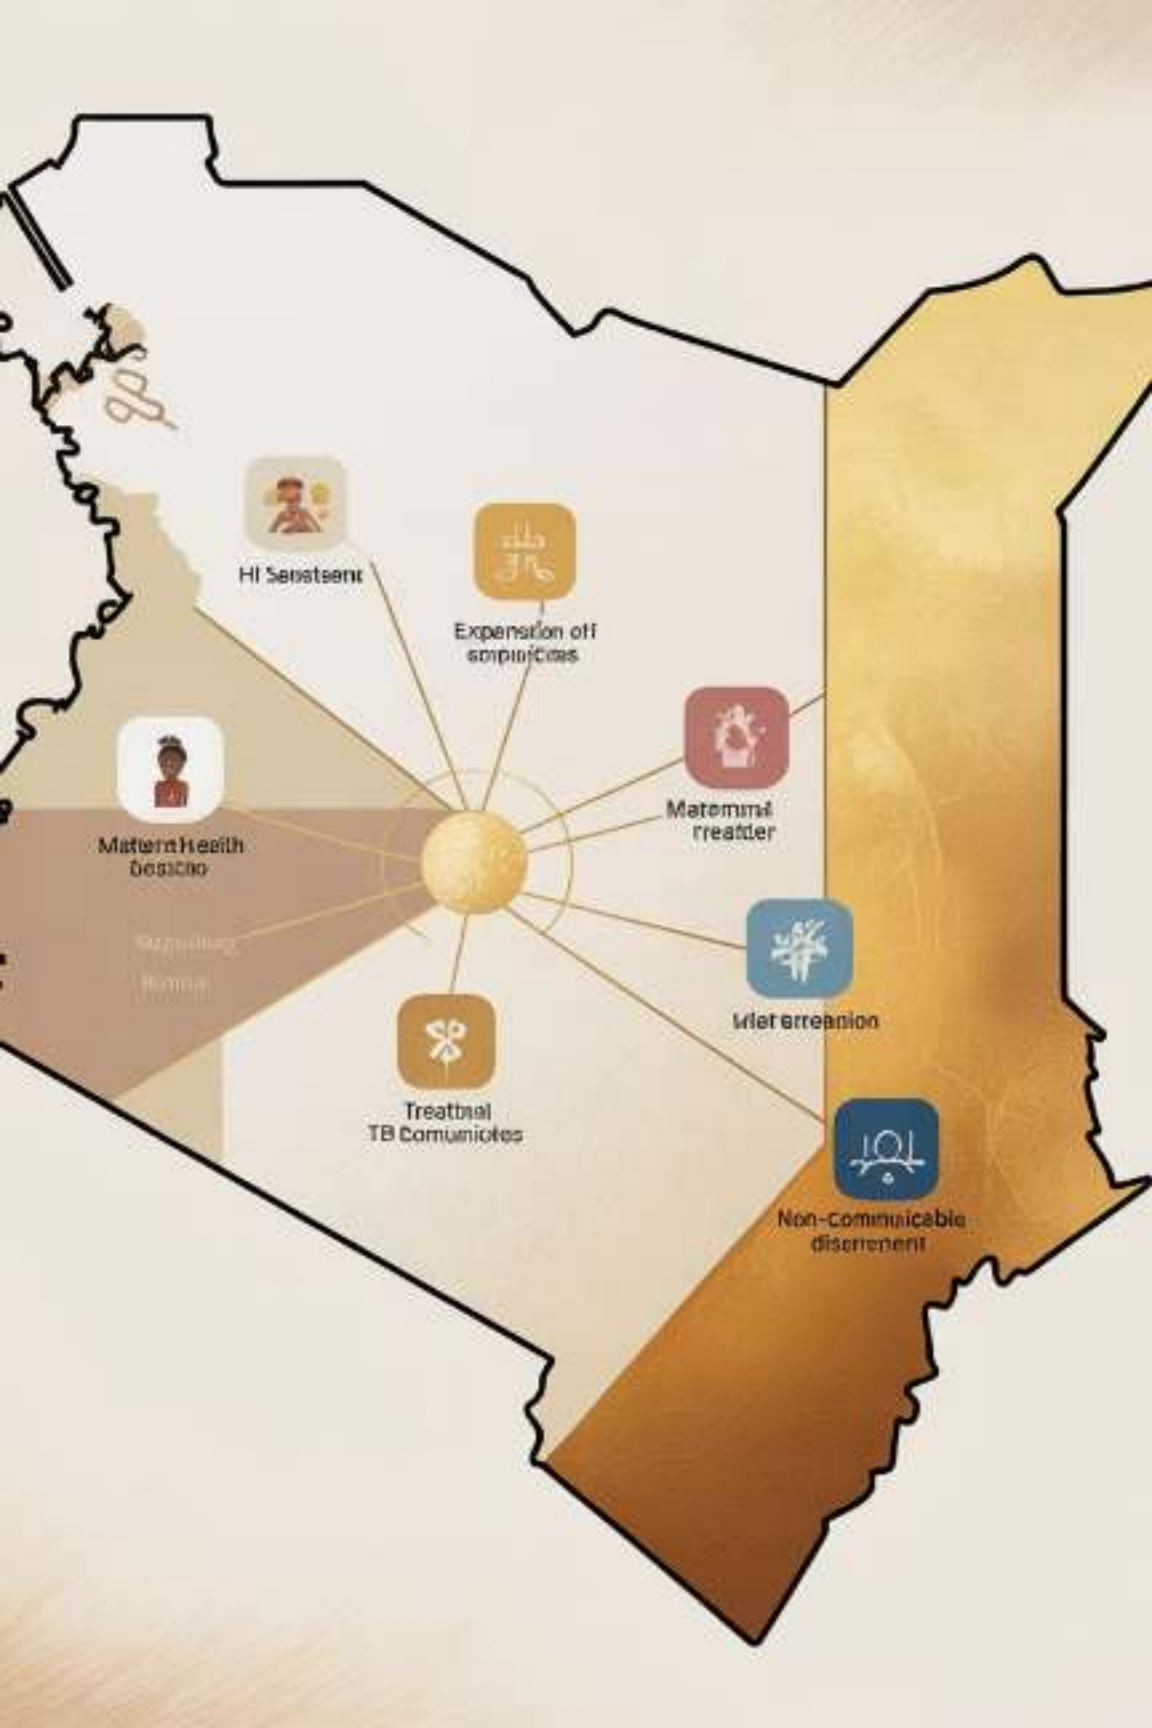

## Lives Touched

Individuals reached through comprehensive HIV prevention and treatment programs.

**200+**

## Health Facilities

CHAK member facilities providing HIV services across Kenya.

# HIV Program Expansion

## Geographic Reach

Expanding HIV services to underserved rural and remote communities across all Kenyan counties.

## Service Integration

Integrating HIV care with maternal health, TB treatment, and non-communicable disease management.

# Comprehensive Health Programs

01

## HIV/AIDS Services

Comprehensive prevention, testing, treatment, and care services.

02

## TB Program

Tuberculosis detection, treatment, and management integrated with HIV care.

03

## Malaria Control

Prevention, diagnosis, and treatment of malaria in endemic regions.

04

Comprehensive malaria prevention and treatment programs targeting high-burden regions across Kenya.

# Human Resources for Health

**\$3.8M**

**Investment**  
USD committed for technical and non-technical HRH in 2024 through PEPFAR-funded projects.

**1,247**

**Staff Supported**  
Technical and non-technical healthcare workers supported through UJTP and CHAP Stawisha projects.

**20**

**Training Institutions**  
Medical education through 14 CHAK member MTCs and six member Universities.

# Transforming Healthcare in Kenya Through Faith and Innovation

Empowering communities and strengthening health systems to serve God's people with excellence and compassion across Kenya

# Quality health care for all, to the glory of God

The Christian Health Association of Kenya (CHAK) stands as Kenya's largest faith-based healthcare network, serving over 6 million people annually through 467 member facilities nationwide. Our mission transcends medical care – we embody Christ's healing ministry by providing compassionate, quality healthcare that reaches the most vulnerable communities across Kenya.

[www.chak.or.ke](http://www.chak.or.ke)

## Healthcare Access

Reaching remote communities where government services are limited, providing essential medical care to over 6 million Kenyans annually

## Faith Integration

Combining medical excellence with spiritual care, offering hope and healing that addresses both physical and emotional needs

## Community Partnership

Working alongside local leaders and international partners to build sustainable health systems that serve generations

**Quality health care for all to the glory of God**

# The Road Ahead...

## Expansion & Growth

Scaling our network to reach even more underserved communities while strengthening existing facilities through improved infrastructure and technology.

## Strategic Partnerships

Building stronger alliances with government, NGOs, and international organizations to amplify our impact and create sustainable healthcare solutions.

## Innovation & Excellence

Embracing cutting-edge medical technologies and training programs that position CHAK as a leader in African healthcare delivery and medical education.

"Together, we envision a Kenya where every person has access to quality healthcare delivered with Christian compassion, dignity, and excellence. Through God's grace and your partnership, this vision becomes reality."

# THANK YOU

*"Quality health care for all, to the glory of God"*
